RE: Solid Waste and Recycling Collection Service

Dear Mr. Andrew,

Latham Home Sanitation began servicing the City of Oxford on 1 July 2012 with once weekly solid waste and recycling collection service. As an Oxford College graduate, Class of '78, the City of Oxford has been a sentimental favorite of mine and a source of pride to provide contracted service to your beautiful city. As discussed in late fall, LHS is now officially requesting a rate increase from the City of Oxford to accurately reflect the current industry market.

Over the years, we have deflected numerous consumer cost-of-living adjustment opportunities by rearranging routes to incorporate Oxford's business within other neighboring routes/cities. We have requested and received a total of two rate increases in the last eleven years. Our last rate increase was awarded on 1 July 2020. In addition, we have successfully maintained our current rate over the last three years despite nationwide inflation and surging diesel prices which have not abated. As a result, we have exhausted all our efforts to maintain service at the current rate.

I understand budgets are being created for the City's upcoming fiscal year, beginning 1 July 2023. I would like to request the proposed new monthly rate for once-per-week solid waste collection and recycling service be approved and implemented on our contract's anniversary date of 1 July 2023.

Please find a Price Sheet attached with our newly proposed itemized prices.

We recognize this increase may raise questions with the City's leadership. We are available to meet with you, Mayor, and City Council to discuss any identified issue or concern regarding this request.

Again, LHS remains committed and will continue to strive to ensure Oxford's weekly solid waste and recycling collection remains a successful endeavor. We are honored to continue service while keeping our rates competitive and level of service sustainable. Your prompt attention and approval shall be greatly appreciated.

Sincerely submitted,

Barbara Latham Jarvis
President

CDBG Budget Detail

On October 21, 2021, the City was awarded a Community Development Block Grant (CDBG) grant in the amount of \$750,000 to perform water system improvements in the following location(s): Oxford Road, Keel Street, West Keel Street, Beakhead Court, Cat Paw's Court, and Perry Circle.

When the CDBG application was put together, the original budget for this project was \$1,228,900. However, the Preliminary Engineering Report (PER) prepared by Carter & Sloope indicated a budget of \$1,340,630. Both these numbers obviously did not anticipate the recent surge in inflation.

In the initial round of bidding, the City did not receive any response. In the second (current) round, the low bid is \$1,978,475 of which \$750,000 would be covered by the CDBG funds. The City has \$877,285 in American Rescue Plan Act (ARPA) funds. Combining the CDBG and ARPA funds would equal \$1,627,285, leaving a deficit of \$351,190 to be paid by local funds. The required match for the CDBG funds is \$478,900 in local funds. To date, the City has spent \$85,811 dollars in engineering from FY 2022 and 2023.

$\$85,811 + 351,190 = \$437,001$ in local dollars we could spend if we used all the ARPA funds. But this would leave us short \$41,899 in our local dollar match.

The Northeast Georgia Regional Commission has checked the award special conditions, in which #2 states "to prevent a duplicate benefit, the Recipient must certify it will not use American Rescue Plan Act or State Fiscal Recovery Act dollars (from the competition ending October 31, 2021) for the awarded CDBG project without prior DCA approval."

NEGRC indicated DCA has been a bit more lenient on local governments using ARPA funds for CDBG projects, but that it is up to their discretion. NEGRC has reached out to Malisa Thompson at DCA to see if we may use ARPA funds for the project, and if so, if the ARPA funds can count towards our match.

The preference would be to use all the ARPA funds for one project so as to create the least burden for reporting and auditing.

Currently, the City has \$1,500,753 in our Water/Sewer Capital Account.

The City had planned to use the ARPA funds for the transite pipe replacement, but the cost of this project could now delay that project.

RE: City of Oxford
FY 2019 CDBG
C&S Project No.: O9800.003

Dear Mr. Andrew:

As you are aware, bids were received and opened for the referenced project on March 30, 2023, at 3:00 PM. We have checked and tabulated the base bids received as follows:

<u>Contractor</u>	<u>Base Bid</u>	<u>Base Bid with Alternates</u>	<u>% Over Low Bid</u>
1. Anderson Grading & Pipeline, LLC	\$1,978,475.00	\$2,001,595.00	-
2. FS Scarborough, LLC	\$2,234,008.93	\$2,201,534.93	12.9%
3. Site Engineering, Inc.	\$2,708,150.00	\$2,803,750.00	36.9%

Bidders were requested to submit prices on alternate bid items, which included installing PVC C900 water main in lieu of DIP. Since the price for the alternate bid items was greater than the base bid for the apparent low bidder and the use of PVC C900 for this project does not offer any advantage over DIP, C&S recommends accepting the base bid **without** the alternate bid items.

Since the low bidder appears to have adequate experience, technical ability, and financial capability to complete this project and has successfully completed similar projects, **Carter & Sloope recommends that this Contract be awarded to Anderson Grading & Pipeline, LLC in an amount equal to \$1,978,475.00.**

We are attaching the certified "Bid Tabulation" to this letter for your records. We are also transmitting the Notice of Award for this project. Please print and execute four (4) copies of the Notice of Award and return the original executed documents to our office as soon as possible. We will prepare four (4) originals of the Agreement and forward them to you once the Contractor has executed the Agreement and delivered all the necessary Payment and Performance bonds and Certificates of Insurance.

MEMO TO THE OXFORD CITY COUNCIL

July 7, 1997

My name is Eva Sitton. I am president of the Oxford Historical Shrine Society and am here tonight representing the Society. As you probably know, the Society holds a lease - which expires in 2064 - from the City for the Old Church building and for the property on which it stands. This property is a square - 165 feet on each side - on part of the undeveloped section of right-of-way of Fletcher Street west of Wesley Street.

Since 1994, this piece of property has also been the site of historic Kitty's Cottage. The cottage, you may know, originally stood on the lot north of Old Church. It was moved to Salem Campground in 1938 and stayed there for 56 years, until Salem's trustees decided to give it to the City of Oxford.

The City paid for most of the expense of moving the Cottage. The Society solicited donations for the remainder, and also raised \$6,000 toward restoration of the Cottage. We would like to do more, but we are hampered by the fact that we have no legal document giving us responsibility for the Cottage.

What we are requesting tonight is that the City Council direct its lawyer to prepare a lease for the Cottage, to the Society, under the same terms as those already in effect for the Old Church property. This new document might be in the form of an amendment to the present lease, or it might be a complete new lease, as the lawyer thinks best.

The terms of the present lease, by the way, include the Society taking the total responsibility for maintenance and upkeep of the property, while allowing the City access at all times. The terms also specify only non-profit use of the building and payment by the Society of one dollar a year.

SECOND AMENDMENT TO LEASE
CITY OF OXFORD, NEWTON COUNTY, GEORGIA
OXFORD HISTORICAL SHRINE SOCIETY, INC.

COPY

THIS INDENTURE made and entered into this 30th day of January, 1998, by and between the City of Oxford, Georgia, an incorporated municipality of the State of Georgia, and the Oxford Historical Shrine Society, Inc., of the City of Oxford, Newton County, Georgia.

WITNESSETH:

That a lease between Grantor herein and the North Georgia Conference of the Methodist Church, Inc., for the leasing of certain properties in the City of Oxford was entered into on the 5th day of April, 1965, all as setforth in said lease.

That said lease was transferred to the Oxford Shrine Society, Inc., by the North Georgia Conference of the Methodist Church, Inc., on the 12th day of May 1975, same being approved by the Town of Oxford.

That the name of the Oxford Shrine Society, Inc. on the 27th day of October, 1985 was changed from Oxford Shrine Society, Inc., to Oxford Historical Shrine Society, Inc.

That there has now been placed upon said leased property a building designated "Kitty's Cottage" which was given to the City of Oxford by the Trustees of Salem Camp Ground in 1994.

That the Oxford Historical Shrine Society, Inc. requested, by letter dated November 24, 1997, that the City of Oxford amend the lease of the Old Church property be to include "Kitty's Cottage"

ELS
NOW THEREFORE, the City of Oxford does herewith amend it's lease to the
Oxford Historical Shrine Society, Inc.,

1.

By adding after the words[#]"The Old Church" and at the end of line FOURTEEN
(14) on page one (1) of lease dated April 5, 1965 the following:

ELS "and
"That building known as Kitty's Cottage" and

2.

ELS By adding after the words " The Old Church" on line three (3) of paragraph two
page 2
(2) the following: "and Kitty's Cottage".

3.

That all other terms and obligations of both parties and their successors to said
lease and transfer shall remain the same and shall apply to the "Kitty's Cottage" added
hereto, the same as if originally incorporated therein and all terms and conditions therein
and hereto are approved and adopted by the Mayor and Council of the City of Oxford, by
resolution at the regular meeting of Mayor and Council the ^{*5 - ELS*} 8th day of January, 1998.

IN WITNESS WHEREOF, the Lessor and the Lessee have hereunto set their
hands and affixed their seals, the day and year first above written, this instrument being
executed in duplicate with each copy being considered an original.
