Mayor's Reports

Parade - Mayor Roseberry thanked all who worked on the parade giving special thanks to Sarah Davis, Luran Willis and Stacey Mullen as well as the Lions Club and everyone who worked on the parade. The Lions Club did a special job and we want to thank them for the work they do.

Annual Retreat – The next work session will be July 20, 2015 where we plan to discuss the annual retreat and the subjects to be discussed at the retreat. We will need to make a commitment to the Regional Commission as soon as possible.

Public Hearing on Millage Rate

City Manager Bob Schwartz, we have enclosed a copy of the Public Notice that appeared in the Covington News. We are required to conduct a public hearing to discuss the rollback millage rate. Bob gave a description of the 5 year history explaining the millage rate. Mayor Roseberry asked for a show of hands for those who will not be present on July 20th. Councilmembers David Eady and Lyn Pace said they will not be in attendance as well Terry Smith who is away in Maine. Mayor Roseberry said we have to have a quorum present to establish the new millage rate. After City Clerk Lauran Willis checked the legal timeline requirements it was confirmed there has to be fourteen days from the date of the advertisement to the date of actual adoption. After further discussion it was decided that Council will hold the Public Hearing on July 20, 2015 at 8:00am to adopt the millage rate. City Clerk Lauran Willis will run a new ad noting the change in time for the Public Hearing to be 8:00am. Mayor Roseberry asked as a formal request that any Councilmember who knows they are not going to be at a meeting to advise the City Clerk in advance. Attachment E

Community Development Coordinator

City Manager Bob Schwartz – we have enclosed a copy of the final job description and a memo outlining the plan to fill this position. We need to confirm the hiring process with the City Council. Bob presented a memo defining the time line and activity for the hiring process with a recommendation for the process to hire the Community Development Coordinator. Councilmember David Eady asked if there has been a vote of the council where we established the position of a Community Development Coordinator. Bob said yes it was part of the budget. George Holt stated no, that we put money in the budget for several positions but according to the charter and our manual of operations council has to create a new position of which we have not created a new position yet. Holt stated we have to vote to create a position and put a classification and pay for that position and that has not happened yet. George Holt stated according to the handbook, when there is a need for the establishment of new positions or the abolition of current positions, the City Clerk/Administrator shall submit findings and recommendations to the Mayor and Council, which shall take such action as deemed appropriate. It also says the Mayor and Council has to create any new positions or abolish positions and that can't be done without a vote. Bob said his assumption was by putting them on the budget and declaring that it was for the Community Development Coordinator you did that. George Holt said that he explained when we put money in the budget for a new position of a Meter Reader that wasn't a new position; that we already had that position. We never took Meter Reader out of our positions we just stopped budgeting for it so we eliminated the position as far as budget but we never took it out of the position classifications. We never had in our position classifications a Community Development Coordinator so in order to have one we have to vote to put one in. Based on this discussion Bob asked if council wants to create this position. There being no further discussion:

A motion was made by Holt, seconded by Windham that council do not create a position at this time for a Community Development Coordinator. The vote was 5 in favor of the motion with 1 opposed vote by Mayor Roseberry. The motion was approved. Attachments F & G

Georgia Fund 1

City Manager Bob Schwartz made a recommendation that the City start using the Georgia Fund 1 administered by the State Treasurer's Office naming City Clerk Lauran Willis, City Manager Bob Schwartz, and Mayor Jerry Roseberry as investment authority to move funds. Bob distributed a copy of the resolution for the Georgia Fund

1 (GF1). Mayor Roseberry said initially we will only move money as CD's mature rather than renew them at 0% interest. We will move the money over to Georgia Fund 1 until we reach a balance that council is satisfied with.

A motion was made by Windham, seconded by Holt to adopt a Resolution to Authorize Investment to the Georgia Fund 1 and using the existing protocol for moving and transferring funds. The vote was 6 in favor and 0 opposed. The motion was approved. Attachment H

OTHERS PRESENT: Bob Schwartz, City Manager; Lauran Willis, City Clerk; Jody Reid, Utility Superintendent; Hoyt Oliver, Kendra Mayfield, Norbert Thompson, Penny Windham, Charles Green, Steve Springer, Betty Griggs

The meeting was called to order by the Honorable Jerry D. Roseberry, Mayor

Honorary Councilmember

Councilmember Lyn Pace introduced Katherine Grace as Honorary Councilmember for July appointed by him. Katherine is a student at Oxford College and is spending her summer working on the organic farm. Katherine brought vegetables from the farm to share with council. Attachment A

Job Descriptions

City Manager Bob Schwartz opened discussion regarding the two new positions which were included in the FY2016 Budget. Bob said there has been comment that we might need to amend the job descriptions so we would like to review the job descriptions with city council before we start recruitment. The positions are a Community Development Coordinator and Maintenance Worker I. After extensive discussion, editorial changes to the job description and specific request from councilmembers it was a general consensus to move forward with the recruitment for the position of a Community Development Coordinator as amended and Equipment Operator I/Meter Reader as being amended by Councilmember George Holt and City Manager Bob Schwartz. Attachment B

George Street Walking Trail

City Manager Bob Schwartz – The budget for FY2016 includes \$80,000 for trail expansion. The budget did not specify and council has not stated exactly where the trail is to be expanded. We need to know what area we want to concentrate on before authorizing the city engineer to begin the trail design. After discussion and comments from citizens council was in favor of looking at a sidewalk. City Manager Bob Schwartz said he will start looking at sidewalks and put the trails project on hold for now.

Street Repairs and Resurfacing

City Manager Bob Schwartz said the budget for FY2016 includes \$50,000 for street repairs and resurfacing. We recommend that we repair and widen George Street between Emory and Asbury. We would contract with the city engineer for the survey and design. George Street has a 99 foot right-of-way, but over the years the paved area has narrowed. Bob asked for suggestions on where council wants to concentrate on paving. After discussion it was determined to have the engineer look at George Street for resurfacing but not to widen it very much.

Project Status Report

City Manager Bob Schwartz presented an updated Project Status outlining 20 capital projects for FY2016 for discussion. Bob presented the FY2016 Capital budget with the traditional Project Status Report

rearranging the projects in order with references to a Gantt chart prepared for more complicated projects. In reviewing of the projects there was confusion regarding item number 16 Survey of City rights-of-way. Councilmember Jim Windham asked wasn't that supposed to be surveying of *unopened* rights-of-way and not just rights of way. Bob said it includes both. Bob said he has already issued the purchase order for the city engineer to survey all of the rights-of-way. After discussion of this item Mayor Roseberry instructed Bob to withdraw the purchase order issued to the city engineer and reissue a new one for *unopened* rights-of way. There was continued discussing regarding the other projects on the Status Report with no final decisions made. Attachment C

Finance

Mayor Roseberry said due to banking changes we need to have a discussion of alternative financial institutions for deposits for city reserve funds. He said he asked City Manager Bob Schwartz to look at other investments options. City Manager Bob Schwartz said he has checked with other cities and found most are using the Georgia Fund 1 (GF1) for local governments and presented a summary of what the Georgia Fund 1 offers suggesting council consider this as an investment option. Councilmember Terry Smith requested Bob send him a copy of the detail of the Georgia Fund 1 in its entirety. Attachment D

Personal Financial Disclosure Statement

City Clerk Luran Willis reminded council that the deadline for the Financial Disclosure Reports is July 1, 2015 for those who are not up for election this year. Luran asked that council members turn in their reports as soon as possible so we can make sure we meet the deadline.

There being no further discussion the meeting was adjourned at 7:30 PM.
